

DVM Program Required Courses Worksheet

Course Title	Course Number	College	Semester & Year	Grade	*Credit Hrs
Animal Nutrition (3)					
Biochemistry (3 or 4)					
Biology (3)					
Biology – Lab (1)					
Chemistry, General I (3)					
Chemistry, General I – Lab (1)					
Chemistry, General II (3)					
Chemistry, General II – Lab (1)					
Chemistry, Organic I (3)					
Chemistry, Organic I – Lab (1)					
Chemistry, Organic II (3)					
Chemistry, Organic II – Lab (1)					
Comp & Writing, Public Speaking, Speech, Communication (3)					
Comp & Writing, Public Speaking, Speech, Communication (3)					
Genetics (3 or 4)					
Humanities/Social Sciences (3)					
Humanities/Social Sciences (3)					
Microbiology (3)					
Microbiology- Lab (1)					
Physics I (3)					
Physics I – Lab (1)					
Physics II (3)					
Physics II – Lab (1)					
Statistics (3)					

*Credit hours should be semester hours. Quarter semester conversion: # quarter hours divided by 1.5 = semester hours.

If a course is retaken, be sure to include *both/all* grades in *all* GPA calculations (Overall, Last 45, and Required Course)

Numbers in parenthesis (X) indicate required number of semester hours for that course. For Genetics and Biochemistry, 3 credits are required, however, 4 credits are recommended.
