

# NOW RECRUITING DOGS FOR: Melanoma Study

NC State University College of Veterinary Medicine is looking for dogs with melanoma to participate in a clinical study to aid in the advancement of novel therapeutic treatments for melanoma in both dogs and people.

## **PARTICIPATION**

- Study participation requires obtaining two 3mm punch biopsies from the tumor during a scheduled tumor biopsy or removal. Dogs with melanoma that are scheduled for euthanasia due to presence of melanoma are also eligible.

## **STUDY BENEFITS**

- Owner will receive monetary incentive of \$200 for study participation

## **INCLUSION CRITERIA** – In order to participate in this study all dogs:

- Must have oral or cutaneous melanoma
  - Have tumor large enough to obtain two 3mm punch biopsies
  - Are scheduled to undergo surgical procedure for tumor biopsy or tumor removal
- OR**
- Are scheduled to be euthanized due to presence of melanoma

**To inquire about participation, contact the Clinical Studies Core via email at [cvmclinicalstudies@ncsu.edu](mailto:cvmclinicalstudies@ncsu.edu) or call 919-515-2633.**
