

## Recruiting Patients for Minimally Invasive Laparoscopic Procedures

### Description:

The CVM house officer training programs are amongst the strongest and broadest in the world. To ensure that our house officers continue to receive the same level of exposure to a large and diverse caseload, as well as meet ACVS case number requirements, we will be offering discounted procedure rates for up to 15 patients per year.

**Eligibility:** Healthy patients in need of services, without concurrent illnesses.

### Procedures and Rates:

- Laparoscopic Ovariectomy (Spay): \$1,000
- Gastropexy: \$1,200
- Combo Ovariectomy and Gastropexy: \$1,200
- Cryptorchidectomy: \$2,000

### Packages Include:

- Cost of appointment with soft tissue surgery service, including full physical exam
- Pre-operative bloodwork as indicated for anesthesia
- Same-day minimally invasive procedure under general anesthesia (for cases scheduled on Mondays)
- Post-operative hospitalization for one night
- Pain medication and E-collar

*Not included: Additional costs due to unforeseen complications (extra hospitalization, additional diagnostics, etc.)*
