

**Research and Teaching Materials – NC State Pricing  
Effective October 1, 2018**

**Paraffin Materials**

Process, embed, microtome, and one H&E Tissue already in a cassette	\$ 9.25/cassette
Additional H&E of previously embedded block	\$ 5.90/slide
Embed tissue into paraffin Auto processing	\$ 4.96/cassette
Embed tissue into paraffin Hand process	\$ 13.74/cassette
Unstained sections, on super frost+ slides	\$ 4.18/slide
Step or serial sections of tissue on the same slide	\$11.07/slide
Large paraffin blocks	\$ 29.01/block
Additional Large H&E slides	\$ 28.25/slide
Trim Tissues into cassettes	\$ 3.18/cassette
Sections into PCR Tubes	\$ 3.34/tube

**Decalcification**

Decal, Routine samples	\$ 1.59/tissue
Decal, Large samples	\$ 5.30/tissue

**Special Stains**

Specials, non-silver automated	\$ 15.39/slide
Specials, non-silver manual	\$ 12.54/slide
Silver specials, manual or automated	\$ 18.04/slide

**Frozen Sections**

Snap freeze tissues (infiltrating them if needed)	\$ 9.16/tissue
Cutting slides from a block	\$ 5.60/slide

**Immunohistochemistry**

Histopathology lab provides antibodies	\$ 35.82/slide
Researcher provides primary antibody	\$ 29.82/slide

**Glycol Methacrylate**

Process tissue, embed and cut one slide With an H&E	\$ 32.87/tissue
