

Recruiting Patients for Minimally Invasive Laparoscopic Procedures

To ensure that our interns and residents continue to receive the same level of exposure to a large and diverse caseload, as well as meet ACVS case number requirements, we are offering discounted rates for the procedures listed below- up to 15 patients per year- effective June 1, 2019.

Eligibility: Healthy patients in need of services, without concurrent illnesses.

Procedures and Rates:

- Laparoscopic Ovariectomy (Spay): \$1,100
- Gastropexy: \$1,300
- Combo Ovariectomy and Gastropexy: \$1,300
- Cryptorchidectomy: \$2,000

Packages Include:

- Cost of appointment with soft tissue surgery service, including full physical exam
- Pre-operative bloodwork as indicated for anesthesia
- Same-day minimally invasive procedure under general anesthesia (for cases scheduled on Mondays)
- Post-operative hospitalization for one night
- Pain medication and E-collar

Not included: Additional costs due to unforeseen complications, like extra hospitalization, additional diagnostics, etc.
