

FREE Feline Heart Screenings

The Stern Lab at NC State is looking for cats of all ages and breeds without previously diagnosed cardiovascular disease to join a heart health study.

Did you know?

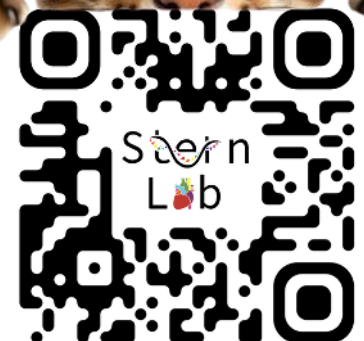

Approximately 1 in 7 cats develop hypertrophic cardiomyopathy (HCM)!

Participating cats will receive a **FREE** advanced cardiac evaluation valued at over **\$1,000**, including:

- ✓ Heart ultrasound
- ✓ Complete blood work
- ✓ Blood pressure measurement
- ✓ Blood test for markers of heart disease (NT-proBNP)
- ✓ Kidney function blood test
- ✓ Thyroid blood testing (if >6 yrs)
